

A PLACE TO DISCOVER THE SCIENCES AND HAVE FUN ALONG THE WAY!!

KidsFirst at Sunset View's STEAM Program Proudly Presents...

WHEN: Friday afterschool 3:35-4:35PM

1st session is for 3rd and 4th grade **Sep. 30th - Oct. 21st**

2nd session is for 1st and 2nd grade **Oct. 28th - Nov. 18th**

WHERE: Sunset View Auditorium

WHO: Admission is open for students in grades 1st-4th and is completely FREE. The program is made possible by volunteer time of parents and staff. Link to the sign up is below, consider volunteering!

WHAT: Science Club teaches kids the basics and beyond of Physics, Biology and Chemistry. Through informative experiments, fun games and interactive websites, it introduces them to concepts such as ecology, zoology and chemistry.

Students will get to participate in hands-on experiments, in-the-field observations and group work. The vocabulary and concepts we teach provide an invaluable set of skills that are shown to benefit students in both math and language arts.

SIGN-UP HERE (once for each child):
